

March, 2021

Letter from President

March has arrived like a Lamb here in Saskatoon. This week there are many days that the snow banks will shrink and the roofs will begin to drip. March is the month that officially welcomes spring and daylight savings (in the rest of the country). It is also the month for us of Irish decent (or any of our friends) drink green beer and celebrate St. Patrick's day.

Our 50/50 this last week has been a great success. Thank you Jennelle, you did a fantastic job putting this fund raiser together. I would also like to thank Michelle for setting it up on social media for us and thank you all that have participated. Last I heard there were a few tickets left so if you have not got you ticket yet, act fast, and be sure to reach out to any of the executive to see if there is any left.

Our February meeting speaker was Christi Beaudin of Newborn Feather. Christi walked us through the steps she has taken to make her company as success. Take advantage of the great webinars offered by corporate monthly. This month is Your Energy is your power. If you can't make it on the day it is offered, simply go on the library on My EWI and listen to it when it suits you.

Our next meeting will be held on Zoom on March 17th. Our speaker will be Monica Kreuger also a successful entrepreneur. Monica is a co-founder of Praxis International Institute in the Craik eco-village and alternative learning space for young people. This may be a great opportunity to invite your friends or business associates without them having to leave their home or have any out of pocket expenses before checking us out.

I look forward to seeing you all on the 17th. Dress in green, pour yourself a green beverage and meet us at 6:30 on zoom. I am honored to be a part of this EWI group. If no one has told you today remember "You are an amazing group of women".

Best Regards,

Susan Mowat
